Western – Extension Cords

At Western Products LLC, we engineer Western brand extension cords to outperform on the toughest job sites. Built for maximum durability, absolute safety, and consistent power delivery, our cords keep your equipment running smoothly where others fail.

- ***Light-Duty Cords (16 AWG):***
  - *Premium, flexible insulation for reliable indoor power.*
  - *Ideal for low-amperage electronics, fans, and lighting.*

- ***Medium-Duty Cords (14 AWG)**:*
  - *Features a reinforced grounding system and a heavy-duty*
  - *Abrasion-resistant outer jacket.*
  - *Perfect for commercial spaces, office workstations, and outdoor lawn equipment.*
- ***Heavy-Duty Contractor Cords (12 AWG)**:*
  - *Engineered to reduce extreme voltage drop over long distances.*
  - *Delivers reliable power to high-demand tools*
  - *Best for air compressors and circular saws without risking motor damage.*
- ***Extra Heavy-Duty Contractor Cords (10 AWG)**:*
  - *Designed to applications requiring up to 30A Services*
  - *Handles high wattage Equipment*
  - *Ideal for generators, Welders, and industrial equipment*
  - *Superior performance over long cords exceeding 100 ft distance*

Western - Extension Cords

12 GAUGE
HEAVY DUTY

SUGGESTED USE

SAWS & CUTTING TOOLS | AIR COMPRESSORS | WOODWORKING EQUIPMENT

AMP RATINGS

15 AMPS	15 AMPS	15 AMPS
25 FT	50 FT	100 FT

10 GAUGE
EXTRA HEAVY DUTY

SUGGESTED USE

GENERATORS | WELDING EQUIPMENT | INDUSTRIAL EQUIPMENT

AMP RATINGS

20 AMPS	20 AMPS	20 AMPS
25 FT	50 FT	100 FT

LOWER NUMBER, MORE POWER

The smaller the gauge number (10 is smaller than 16), the more current the cord can handle.
